

Maxstar® 161 TIG/Stick Welder

- Print page
- Cut on blue line around machine
- Fold on inside blue lines
- Glue tabs to assemble

Maxstar® 161

How does the TIG Welder help people?

Bob is a welder in a shipyard and must walk around a lot to weld on the ship. Many ships are made of steel parts that need to be welded together. His Maxstar welder is there by his side wherever he goes to help TIG weld the pieces of the ship. Because his welder is so small, Bob can move around quickly so he accomplish more each day. Without these ships, many goods would not end up in our local stores.
