

DON'T WALK WELD™

LESS WALKING MEANS BIGGER SAVINGS

“Business as usual” could cost you thousands of dollars a year, and unnecessarily waste hundreds of hours of productive time. Weld operators can get more done — and your business can save more money — when you use Miller® products with ArcReach® technology.

With ArcReach® technology, weld parameters can be adjusted remotely without a control cable, saving weld operators multiple walks back and forth from the power supply. You can increase productivity, improve weld quality and keep them safer — all while maximizing your profits.

**Investing in ArcReach® technology today
can add up to big savings over time.**

ArcReach[®]

1 weld operator

Earns **\$45**
per hour

Works **5** days
per week

Works **50** weeks
per year

WITHOUT ArcReach® technology

Walks **4**
times per day
for parameter
changes

Each walk takes **15**
minutes, on average

**Forfeits
250 hours**
on average per
weld operator,
per year

**Loses
\$11,250**
on average per
weld operator,
per year

WITH ArcReach® technology

Walks **0**
times per day
for parameter
changes

Spends **0** minutes
walking with immediate
adjustments and weld
parameters

**Recovers
250 hours**
on average per weld
operator, per year to
maximize productivity

**Saves
\$11,250**
on average per
weld operator,
per year

Is your equipment costing you time and money?
It's time to reinvent your workday.
